

Sweetness Alive (feat. S L L)

Goldroom

Oho, oho, oho, oho, oho
Set us free, we're driving through the city of life
Into the lights
And we're looking for a way to get high
Until we find Oho, oho, oho, oho, oho
Sweetness alive, in diamond light
The luxury of you in paradise
Sweetness alive, in diamond light
The luxury of having you by my side
The luxury of you in paradise
The luxury of you in paradise
The luxury of having you by my side
We swept this time away
It's in your eyes today
We swept this time away
It's in your eyes today Set us free, we're dancing in the fields of the life
It's all surprise
And we're looking for a way to get high
Until we find Sweetness alive, in diamond light
The luxury of you in paradise
Sweetness alive, in diamond light
The luxury of having you by my side
The luxury of you in paradise
The luxury of you in paradise
The luxury of having you by my side
We swept this time away
It's in your eyes today
We swept this time away
It's in your eyes today Set us free
