Brandy Alexander

Feist

Though I'd like to be the girl for him
And cross the sea and land for him
Milky skin, my tongue is sand until
The iridescent band begins to playHe's my Brandy Alexander
Always gets me into trouble
But that's another matter
Brandy Alexander
He's my Brandy Alexander
Always gets me into trouble
But that's another matter
Brandy Alexander
Though I know what I love most of him
I'm walking on needles and pins
My addiction to the worst of him
The low moon helps me singI'm his Brandy Alexander
Always get him into trouble
I hide that I am flattered
Brandy Alexander
I'm his Brandy Alexander
Always get him into trouble
I hide that I am flattered
Brandy Alexander
It goes down easy
You go down easy
It goes down easy
It goes down easy
You go down easy
You go down easy
You go down easy
You go down easyBrandy Alexander
