The Humming...

Enya

And all the light, will be, will be
And all the future prophecy
And all the waves, the sea, the sea
And on the road, are you and meHmmmmmmmm
HmmmmmmmmAnd all the wings are like a kiss
And all the years are nemesis
And all the moments fall in mist
And all is dust, remember thisHmmmmmmmm
Hmmmmmmmm
Hmmmmmmmm
Hmmmmmmmm
And all the lights, will be, will be
And all the waves, the sea
And all the waves, the sea, the sea
And all the light, will beAnd all the dust will drift away (ooh)
And all the nights and all the days
And all the heavens go their way
And only change is here to stay
Hmmmmmmmm
Hmmmmmmmm
Hmmmmmmmm
HmmmmmmmmAnd all the light, will be, will be
And all the waves, the sea
And all the waves, the sea, the sea
And all the light, will be
And all the stars, without a name
And all the skies, that look the same
And all the clouds, that fade, and then
Then all of this, begins againHmmmmmmmm
Hmmmmmmmm
