

# I Look to You (feat. Kimbra)

## Miami Horror

See her world lit so bright  
See her bird take flight  
See her face, wild and charged  
See her quickened heart  
So if we fall, imagine that  
Imagination's fine  
So here I hope, for what you are  
See all that I'm looking for...I look to you  
Future, we've found  
To stay here  
On higher ground  
Future, we've found  
To stay here  
On higher ground  
I look to you  
I want to change  
The future as I look into your eyes  
I want to change  
The future as I look into your eyes  
I want to change  
The future as I look into your eyes  
I want to change  
The future as I look into your eyes  
Future as I look into your...  
Look into your...  
Look into your eyes  
I look to you  
Future, we've found  
To stay here  
On higher ground  
Future, we've found  
To stay here  
On higher ground  
Future, we've found  
To stay here  
On higher ground  
Future, we've found  
To stay here  
On higher ground  
Future, we've found  
To stay here  
On higher ground  
I look to you  
I look to you  
Future, we've found  
To stay here  
On higher ground  
Future, we've found  
To stay here  
On higher ground  
I look to you
