

Love Don't Let Me Down

Chris Young & Patty Loveless

(with Patty Loveless)[Chris]
I've been a hard man
Been a lonely man
Been around the world and back again
My kind of freedom was always leavin'
And I thought hearts were just for stealin' Then I saw the light in your eyes this morning
And somehow I knew
I was gonna take a chance with you
Try to see this through
So I'll be hopin you[Both:]
Don't let me down
Love don't let me down
[Patty]
Been on the bad side of a lotta goodbyes
Sometimes it felt like I was out of tears to cry
So for my own sake I put my heart away
Thought I'd try again on some sunny day Then I saw the light in your eyes this morning
And somehow I knew
I was gonna take a chance with you
Try to see this through
So I'll be hopin you[Both:]
Don't let me down
Love don't let me down[Chris]
Lets make a promise we can believe in tonight
Patty
Give me your heart and I'll give you mine
Don't let me down
Love don't let me down Love don't let me down[Chris]
I've been a hard man
Been a lonely man
Been around the world
[Both]
Don't let me down[Patty]
Been on the bad side of a lotta goodbyes[Both]
Love don't let me down No love don't let me down
