

Bedroom

Joe

My desire start a fire (right here in this bedroom)
No attire is required (right here in this bedroom)
You'll find your pleasure like hidden treasure (right here in this bedroom)
I do my duty to that booty (right here in this bedroom) U want me to break u off (ill do it)
U want me to take it off (ill do it)
U want to do the things that make u scream when im in between (ill do it)
U heard i be actin wild (come see me)
U wanna peep my style (come see me)
So baby lets be clear it goes up a gear when i get ya here (believe me)
So baby come spend the night in extacy girl meet me in the bedroom (i touch u saw your
Clothes comes off)
Lets fulfill your fantasy just meet me in the bedroom (if walls could talk they'd tell it all) Do
what u feel like if it feels right (right here in this bedroom oh!)
Ill be twistin your ignition (right here in this bedroom WhEw!)
And i want you to know that its cool to just relax and let the room take control
Girl let it go (let it go) U want me to break u off (ill do it)
U want me to take it off (ill do it)
U want to do the things that make u scream when im in between (ill do it)
U heard i be actin wild (come see me)
U wanna peak my style (come see me)
So baby lets be clear it goes up a gear when i get ya here (believe me) So baby come spend the
night in extacy girl meet me in the bedroom (i touch u saw your
Clothes comes off)
Lets fulfill your fantasy just meet me in the bedroom (if walls could talk they'd tell it all)
Love the way you get when i just touch you there
Im bout to turn it up its gon' get real hot in here yea
Even if they call the cops we aint gon stop
Surely we gon rock this bed like after shocks So baby come spend the night in extacy girl meet
me in the bedroom (i touch u saw your
Clothes comes off)
Lets fulfill your fantasy just meet me in the bedroom (if walls could talk they'd tell it all)
