

# Devil Pray

## Madonna

Take my sins and wash them away  
Teach me how to pray  
I've been stranded here in the dark  
Take these walls away  
I've been swimming in the ocean 'til I almost drowned  
Give me something I can believe in  
Teach me how to pray  
And we can do drugs, and we can smoke weed, and we can drink whiskey  
Yeah, we can get high, and we can get stoned  
And we can sniff glue, and we can do E, and we can drop acid  
Forever be lost, with no way home  
Yeah, we can run and we can hide, but we won't find the  
answers  
If you go down, then you'll get help along the way  
But if you wanna save your soul, then we should travel all together  
And make the devil pray  
Ooh save my, ooh save my, ooh save my  
Devil's here to fool ya  
Ooh save my, ooh save my, ooh save my  
Devil's here to fool ya  
Ooh save my, ooh save my, ooh save my  
Devil's here to fool ya  
Ooh save my, ooh save my, ooh save my  
Devil's here to fool ya  
Mother Mary, can't you help me?  
'Cause I've gone astray  
All the angels that were around me have all flown away  
The ground beneath my feet's getting warmer  
Lucifer is near  
Holding on, but I'm getting weaker  
Watch me disappear  
And we can do drugs, and we can smoke weed, and we can drink whiskey  
Yeah, we can get high, and we can get stoned  
And we can sniff glue, and we can do E, and we can drop acid  
Forever be lost, with no way home  
Yeah, we can run and we can hide, but we won't find the  
answers  
If you go down, then you'll get help along the way  
But if you wanna save your soul, then we should travel all together  
And make the devil pray  
Ooh, sing hallelujah  
Ooh, save my soul  
Ooh, the devil's here to fool ya  
Until my story's told  
I said ooh, sing hallelujah  
Ooh, save my soul  
Ooh, the devil's here to fool ya

Until my story's told  
I said ooh, sing hallelujah  
Ooh, save my soul  
Ooh, the devil's here to fool ya  
Until my story's told
