

Warhol's Showbiz

Chevelle

I am the lie that stood you up
All of the taste without the fuss
Let's say
Are we alive from dawn to dusk
Rip out a page from Andy's book
And say
I had a line I had to cross
Outside the box we had to look
And say
The benefits won't keep you in
When you're in
You'll never know what beauty is Well that's showbiz
Take it on the chin
Take it on the chin Another maze that's how this goes
Enjoy the chase cuz that's all we may know Till you're in
If you're in
You'll never know what beauty is Cuz that's showbiz
Take it on the chin I'm not your mother
Cuz that's showbiz
Take it on the chin Cuz that's showbiz
That's showbiz
