

# Shallow Pockets

## Before Today

We call for all of those in need of hope  
We call for all those to say  
This is the day  
So tell me how can  
You shake hands with a clenched fist  
And tell me how can  
You bullet the blue sky So how long  
How long does it take  
For offers to be made, long  
(x2)  
Call for us all  
Call us to die  
We'll never answer  
You can't keep us under  
And so you'll try to awake  
Up from the days that you  
Can't forget  
Because baby you know  
Baby you're so unforgettable
