

I Am

Static-X

I've been taking abuse and it's senseless
Fist into the wall and it's painless
I've been living the lie that I made me
Live it Screaming into the mic and I like it
Put it all over the air in thick slices
Soak it all up in your head with the anger

Like it Older

Elder

I am

Grind on it

Deeper

Bleaker

I am

Brush the surface off and grind on it
Brush the surface off and grind on it
Brush the surface off and grind on it
Brush the surface off and grind on it
Brush the surface off and grind on it
Brush the surface off and grind on it
Brush the surface off and grind on it
Brush the surface off and grind on it Older

Elder

I am

Grind on it

Deeper

Bleaker

I am I've been taking abuse and it's senseless

Fist into the wall and it's painless

I've been living the lie that I made me

Live it

Screaming into the mic and I like it

Put it all over the air in thick slices

Soak it all up in your head with the anger

Like it Older

Elder

I am

Grind on it

Deeper

Bleaker

I am Put a gun in my mouth

And threaten to shoot

Put a gun in my mouth

And threaten to shoot

Put a gun in my mouth
And threaten to shoot
Put a gun in my mouth
And threaten to shoot
Justice died here
