

Harmony Korine

Steven Wilson

Rain, come down, and fall forever
Drain, the dirt, into the wasteland
Pray, for sound, to quiet the howling
Feel, no shame, too brave
Feel, afraid, to wait forever
Kneel, to fade, the day's corrosion
Crawl, depart, towards perdition
Gray, the part, the bruise within you
Feel, no shame, too brave
Feel, afraid, to wait forever
Forever
Feel, no shame, too brave
Feel, afraid, to wait forever
