## Bathory

Waxed up, shining fat and clean  
Double big shot pipes from hell  
Air cleaner cover gleam  
A vibe you can not buy or sell  
The sparks ignite the oxygen and fuel blend  
Gentle right-hand turn  
Listen to the sound of thunder  
Al 666 cubic inches burn  
Fringes leather pistons throbbing  
Mightt thunder now unleashed  
The pipes begin to glow still I'm too slow  
I thottle-up my beaast  
I'm freeway mad I'm speedfreak glad  
I smile against the wind I fly  
A shooting star the road is far  
I ride to live and I live to ride
