Sticks and Stones

The Pierces

Hey, domino I am stopping you from falling one, two, three don't you dare go down Hey, waterfall oh, can you hear me calling? three, two, one don't you dare touch the groundI'm the one you want I'm the one you want I'm the one you want I'm the one you wantSticks and stones will break your bones and leave you lying in the mud but you get scared when we're alone like I might suck your blood And I could tell you a witch's spell but it just might blow your top and you start to run just as I'm having fun and it's awfully hard to stop it's awfully hard to stopSun in the sky I am stopping you from burning all we need is stars and moonClock on the wall I will keep your hands from turning or this night will end too soonI'm the one you want I'm the one you want I'm the one you want I'm the one you want Sticks and stones will break your bones and leave you lying in the mud but you get scared when we're alone like I might suck your bloodAnd I could tell you a witch's spell but it just might blow your top and you start to run just as I'm having fun and it's awfully hard to stop it's awfully hard to stop it's just too hard to stopI call thee, beloved one to love me more than anyone seven times I pierce my heart and now you feel the magic startBind thy heart and soul to me as I do will so let it be, ohHey, loverboy

oh, now do you believe me?
that's not all
that I can doSit back down
I'm afraid we won't be leaving
can't undo

my spell on youI'm the one you want (I'm the one you want)

I'm the one you want (I'm the one you want)

I'm the one you want (I'm the one you want)

I'm the one you want (I'm the one you want)I'm the one you want (I'm the one you want)

I'm the one you want (I'm the one you want)

I'm the one you want (I'm the one you want)

I'm the one you wantSticks and stones will break your bones

and leave you lying in the mud

but you get scared when we're alone

like I might suck your bloodAnd I could tell you a witch's spell

but you just might blow your top

and you start to run just as I'm having fun

and it's awfully hard to stopWell, sticks and stones will break your bones

and leave you lying in the mud

but you get scared when we're alone

like I might suck your bloodAnd I could tell you a witch's spell

but you just might blow your top

and you start to run just as I'm having fun

and it's awfully hard to stop

it's awfully hard to stop

it's just too hard to stop

I don't think I can stop
