

Little Richard

Death Grips

Little Richard took a picture
He got triggered by the click'a
He got beat up, he got biggerLittle Richard
Little RichardLittle Richard, he's in the dorms
He's gonna bomb and look good when he bombs
In the dorms
Maria Sharapova, yes
As good as anyone's guess
Little Richard
Little RichardHe just needs to A, B, C, and D
He just needs the world to be what he has seen
In the horn section
They hide weapons
Bottom of a white bic
Chewed up like a pig's dickLittle Richard
Little Richard
