

# Wake the Baby

## Dwele

In the cold of the night's glow  
Down the hall in the room alone

The baby

(hooooh) sleeps so peacefully

(hooooh) of pieces of dreams

(hooooh) only to be awakedned by

(hooooh) momma's sound

(hooooh) daddy's sound

(hooooh) when he around

Oh wont you come with me to wake the baby

The baby

The baby

The baby

In the still of night

The baby

(hooooh) sleeps so

(hooooh) silent, only to be awakened by

(hooooh) smackin'

(hooooh) taggin'

(hooooh) squeakin', Oh wont you come with me to wake the baby

Ooh woo woo woo
