

Dirty Little Girl

Burn Halo

Dirty little girl don't care about her reputation
She goes hard, moves fast, and she's never gonna turn around
She's a party on the road and you never need an invitation
So come on in 'cause she's never gonna turn you down
She's the drug that I need
Tell me why should I leave
She's no angel, but she's saving me
Hey! She'll give it up for free
Yeah, she's only out to please
She don't love me, but I don't seem to mind
Wait, take another ride
Before I have to say goodbye
Yeah, it's a crazy world
But I'm in love with a dirty little girl
Waking up alone, now it's time to feed my addiction
Don't ask, don't tell, don't wanna know where you've been
Call her up, call her over for a little bit of satisfaction
Do it once, do it twice, now you know I wanna do her again
She's the drug that I need
Tell me why should I leave
She's no angel, but she's saving me
Hey! She'll give it up for free
Yeah, she's only out to please
She don't love me, but I don't seem to mind
Wait, take another ride
Before I have to say goodbye
Yeah, it's a crazy world
But I'm in love with a dirty little girl
Dirty little girl
Never hard to find, gets me everytime
Hey! She'll give it up for free
Yeah, she's only out to please
She don't love me, but I don't seem to mind
Wait, take another ride
Before I have to say goodbye
Yeah, it's a crazy world
But I'm in love with a dirty little girl
