

Tell You (Today)

Robyn & La Bagatelle Magique

Tell you
Tell you
Tell you
Tell you
Tell youTell you
Tell you
Tell you
Tell you
Tell you
Tell you
Tell you

Walking down the street
I knew it was my chance
Chance today
New shoes on my feet
I thought that they could dance
Dance awayMakes me come alive, I remember
A look of sadness on your face
That was before
I want to tell you today
I want to tell you today
I want to tell you today
I want to tell you todayOn my way to work
I said your name again
Again today
There was just a word
I only feel it when
When I sayMakes me come alive, I remember
A look of sadness on your face
That was before
I want to tell you today
I want to tell you today
I want to tell you today
I want to tell you today
