

Who You Loving? (feat. G-Eazy & Rahky)

DreamDoll

Hitmaka!

So! Who do you love? Are you for sure?

Who do you love? (Yeah!) Are you for sure? (So)

Who do you love? Are you for sure? (So)

Who do you love? (Yeah!) Are you for sure? (Yeah!) Uh, yeah, who you loving, who you
wanna be?

I'm the girl of your dreams, ain't know what that mean? (Dreams)

Busting out your grey sweats is because of me (of me)

"Original DreamDoll she a wannabe"

I can tell you had enough of her shit

She don't choke, she ain't choking when she sucking the dick

She suck bust it open, sittin' right on the tip

You all talk, see it right on your lips, that's what you get

When I ride it, ride it, and my ass so thick, how am I gonna hide it? (Damn)

He my baby, he wanna leave her son inside it

I ain't worried about who do you love, this a dub, if you undecided

Who do you love? Are you for sure?

Who do you love? (Yeah!), Are you for sure?

Who do you love? (Who do you love?), Are you for sure? (Are you for sure?)

Who do you love? (Yeah!) Are you for sure?

Who do you love? When I fly across seas, I'm visiting her

A hundred white roses from Venus to fler

Time flies when I see her, this weeks gonna blur

And I ain't fucking no one else, I'm keeping it pure

I'm swimming in your love, I'm deep in it now

Valentino and Chanel, I'm peeping your style

I'm chasing your heart, and I'm keeping it now

At first I ain't know how to love, but your teaching me how

You want attention, I don't like it when you act out

Facetime while I'm holding my phone, until I pass out

Soon as tours done, I swear I'm flying back out

Spending nights inside with you, I blow your back out, yeah

You're something I can't go without

I quit partying so much and stopped going out

You stopped thirst trapping on the 'gram and showing out

So where we go from here? Let's fill it out

Who do you love? (Who do you love?), Are you for sure? (Are you for sure?)

Who do you love? Are you for sure?

Who do you love? (Who do you love?) Are you for sure? (Are you for sure?)

Who do you love? Are you for sure?

Who do you love? Who, do you love?

Are, you, for, sure?

Who, do you love?
Are, you, for, sure? (Dream) Who do you love? (Who do you love?), Are you for sure? (Are you
for sure?)
Who do you love? (Who do you love?), Are you for sure? (Are you for sure?)
Who do you love? Are you for sure? (Are you for sure?)
Who do you love? Are you for sure?
