

# La La La (feat. Wiz Khalifa)

## Dorrough Music

I'm on that  
La la la  
Counting my money, saying  
La la la  
Laughing at the haters like  
La la la  
We do it every day like  
We do it every day like  
We do it every day like  
Break it down, roll it up, lighters up, lighting up  
Break it down, roll it up, lighters up, lighting up  
Break it down (break it down)  
Roll it up (roll it up)  
Lighters up (lighters up)  
Now lighting up (lighting up)  
I'll be on that Cally Kush  
I won't smoke that Reggie Bush  
Even though I rush out through these willows like I'm Reggie Bush!  
Cloud mind, always take the fights, I'm steady bull  
I'm head baked, left a million trying to get some Kush  
I go around the world me and my local homies  
I turn up like I got remote controllers on me!  
Got cheese and bread, all I need is pepperoni  
All my bitches bad, don't need no testimony!  
Aces of spades, I'm a renegade!  
I don't call the foe, I fill my lemonade  
Hawain punch a spider in its Minutemaid  
Pour it up and drink it like it's Gatoraid!  
I stay high  
This OG Kush got me believing I can fly  
All around the world, They blow on  
La la la la la  
Everywhere we go, we're on that  
Every race I know, be on that  
Roll up and blow I'm on thatLa la la  
Counting my money, saying  
La la la  
Laughing at the haters like  
La la la  
We do it every day like  
We do it every day like  
We do it every day like

Break it down, roll it up, lighters up, lighting up  
Break it down, roll it up, lighters up, lighting up  
Break it down (break it down)  
Roll it up (roll it up)  
Lighters up (lighters up)  
Now lighting up (lighting up)Break it down, roll a pound, blow it up!  
I got a call from my dwag, said it's going up!  
Said if you got some KK, best believe I'm showing up!  
And if the sign say no smoking, now I don't give a fuck  
This is what you call out one percent  
Cause 99 of the other is fake!  
Real cookies, not the ones that you bake  
Smoking one and got one on the way  
Am I new... like Bob Marley was wake  
You understand me?I'm always high, I'm never on the ground I'm somewhere in the sky  
Not R.Kelly but I believe that I can Fly  
And all my niggas screaming  
Taylor Gang or Die  
Floating away cause I'm on thatLa la la  
Counting my money, saying  
La la la  
Laughing at the haters like  
La la la  
We do it every day like  
We do it every day like  
We do it every day like  
Break it down, roll it up, lighters up, lighting up  
Break it down, roll it up, lighters up, lighting up  
Break it down (break it down)  
Roll it up (roll it up)  
Lighters up (lighters up)  
Now lighting up (lighting up)I'm on this text till you know what's up (know what's up)  
That mean I got that drink up in my cup (in my cup)  
And everywhere we go we fire up (we fire up)  
We stay wet and heated like a fucking firetruck  
Ha, I'm super hot, chain full of "whats"  
I bet I got more diamonds that your jeweler got!  
You know we're smoking louder make you choke a lot  
And every time we choke, we make you take a shot!I stay high  
This OG Kush got me believing I can fly  
All around the world, They blow on  
La la la la la  
Everywhere we go, we're on that  
Every race I know, be on that  
Roll up and blow I'm on thatLa la la  
Counting my money, saying  
La la la  
Laughing at the haters like  
La la la

We do it every day like  
We do it every day like  
We do it every day like  
La la la
