

The Edge of Paradise

Kamelot

Once upon a time, I believe it was a Tuesday when I caught your eye
And we caught onto something I hold onto the night, you looked me in the eye and told me you loved me
Were you just kidding? 'cause it seems to me, this thing is breaking down We almost never
speak I don't feel welcome anymore Baby what happened, please tell me?
'cause one second it was perfect, now you're halfway out the door
And I stare at the phone, he still hasn't called And then you feel so low you cant feel nothing at
all And you flashback to when he said forever and always Oh, and it rains in your bedroom
Everything is wrong It rains when you're here and it rains when you're gone Cause I was there
when you said forever and always
Was I out of line? Did I say something way too honest, made you run and hide Like a scared
little boy I looked into your eyes Thought I knew you for a minute, now I'm not so sure
So here's everything coming down to nothing Here's to silence that cuts me to the core Where is
this going? Thought I knew for a minute, but I don't anymore
And I stare at the phone, he still hasn't called And then you feel so low you cant feel nothing at
all And you flashback to when he said forever and always Oh, and it rains in your bedroom
Everything is wrong It rains when you're here and it rains when you're gone 'cause I was there
when you said forever and always You didn't mean it baby, I don't think so
Back up, baby, back up Did you forget everything Back up, baby, back up Did you forget
everything
'cause it rains in your bedroom Everything is wrong It rains when you're here and it rains when
you're gone 'cause I was there when you said forever and always
Oh, I stare at the phone, he still hasn't called And then you feel so low you cant feel nothing at
all And you flashback to when we said forever and always
And it rains in your bedroom Everything is wrong It rains when you're here and it rains when
you're gone 'cause I was there when you said forever and always You didn't mean it baby, you
said forever and always... yeah
