

New Beginning (Including Hidden Track)

Trapt

The pressure is building I want to break away
Motivation is lacking the point starts to fade
I look to the bottom still empty still the same
I'm waiting for something to show me the way
To the path that I should take, it's just too real to
go ahead and fake
Every step that I make
Name your price I would give anything, I would give anything
I, i want to start over again
What do I want I have nothing to say
Whatever it is I want it today
Do we choose our own ground, Do we choose to stay?
Well I've seen too many throw it away
Do I see just one small chance, to be myself to try to make it last
Every step that I make
Name your price I would give anything, I would give anything
I, i want to start over again
Name your price cause I dont feel so lucky
Am I the only one? Why don't you show me?
Why don't you show me?
To the path that I should take, it's just to real to go ahead and fake
Every step that I make
Name your price I would give anything, I would give anything
I, i want to start over again
Name your price cause I don't feel so right
Am I the only one?
Name your price cause I don't feel so right
Am I the only one?
