

# Don't Say Nothin (feat. Jojo)

Jon Mcxro

Uh huh  
Uh huh  
It's 3 McDaniel  
Ye-ye-yeah You always coolin' by yourself  
Hidin' feelings like they stealth  
Laughin' with ya single friends  
Wishin' you were somewhere else  
Caught up in the rapture, dudes going at ya  
I better watch my back before one of these goons snatch ya  
I know you heard about last night  
And I try but I caught the last flight  
I know my story seems out of sight  
And you're thinking money can't act right  
There's a lot of niggas steady tryin' to get up in your picture  
But you crop 'em out because you can't see nobody else with you  
(You've been waiting)  
Yeah, for a long time, and I won't smile  
Like an H time, cause it goes dime  
(I'm so frustrated)  
Uh I know you wanna fight me  
And you don't like it, but when we make up, it's hard to stay quiet Don't say nothin'  
(You can't believe everything)  
Sit right there and look sexy baby don't say nothin'  
(They are like a tapeman)  
Don't say nothin'  
Oooh  
(I ain't really mean it, I see how you see it)  
I don't wanna hear a word from you, just the sound of my lovin'  
(I hate it when you mad, try my best to not repeat it, not repeat it)  
Baby don't say nothin', no nothin', nothin'  
Sittin' up on your high horse  
I'm the only nigga that you ride for  
Cupids aim to die for  
Why these other niggas wanna try for?  
We high score, they game in  
She saw me when I came in  
Hell I was just wavin', like the white flag I'm takin'  
Is that okay then?  
All these girls be practicin'  
Like they in the movies actressin'  
Just so they can get that action in, hit the miction  
See me on video, first name basis like she know

Rewind that back, playin' it slow, she blowin' smoke, she Navajo  
You've been waiting  
Yeah, I've been riding round, the other side of town  
I dun came back and tryin' to put it down  
I'm so frustrated  
Uh I know you wanna fight me  
And you don't like it, but when we make up, it's hard to stay quiet  
Don't say nothin'  
(You can't believe everything)  
Sit right there and look sexy baby don't say nothin'  
(They are like a tapeman)  
Don't say nothin'  
Oooh  
(I ain't really mean it, I see how you see it)  
I don't wanna hear a word from you, just the sound of my lovin'  
(I hate it when you mad, try my best to not repeat it, not repeat it)  
Baby don't say nothin', no nothin', nothin'  
You give me all that attitude  
Just to make me mad at you  
Soon as I walk out the door  
You wanna go and grab a dude  
I laugh at you, you want it just like I do  
We fussin' and fightin', you yellin' and screamin', you all in my face and then everything is  
Cool, we back at it again  
Like it was the first time that we got it, in  
Rude boy, let mommy do her thing  
Imma sit back, and I won't say nothing, nothing, nothing  
Don't say nothin'  
(You can't believe everything)  
Sit right there and look sexy baby don't say nothin'  
(They are like a tapeman)  
Don't say nothin'  
Oooh  
(I ain't really mean it, I see how you see it)  
I don't wanna hear a word from you, just the sound of my lovin'  
(I hate it when you mad, try my best to not repeat it, not repeat it)  
Baby don't say nothin', no nothin', nothin'  
Nothing  
I don't wanna hear a word from you  
So baby don't say nothing  
No, nothing
