

# Comfortable

Alessia Cara

What happens to a flame when it burns out?  
What happens to a love that's not new?  
What happens when I'm no longer impressive?  
When there's nothing left to learn about you  
See I used to wonder about you  
What it would be like to love you  
Now I'm still every [?] in your heart  
I'm used to loving slowly  
But this time you already know me  
I hope you like a broken heart  
Oh we can't run away from the comfortable  
'Cause it's inevitable  
In love, in love  
Oh it's time we make way for the comfortable  
Cause it's already comfortable  
In us, in us  
Still the honeymoon  
Is this the puppet show?  
They say nobody makes it through  
And though a part of me wishes this that was two July's ago  
The rest of me is safer here with you, oh  
I used to wonder about you  
What it would be like to love you  
But now I know you inside and out  
I'm used to loving slowly  
But it took you nothing to know me  
What happens when I run out of [?]?  
Oh I guess you could say that it's comfortable  
Cause it's inevitable  
In love, in love  
Oh it's time we make way for the comfortable  
Cause it's already comfortable  
In us, in us  
Oh it turns out you think my favorite song's annoying  
Turns out no one makes me sensitive like you  
I used to be sad that the honeymoon's behind us  
Until I realized that it means we made it though  
Oh we can't run away from the comfortable  
Cause it's inevitable  
In love, in love  
Oh it's time we make way for the comfortable  
Cause it's already comfortable  
In us, in us  
Yeah  
Yeah, yeah, yeah  
In the comfortable with you, oh, oh, oh  
Oh, oh, oh  
Oh no
