

# Testing the Water

## Thompson Square

(Verse)

I don't know where this is going but I know what I've been thinking  
Since the sun started sinking there  
I wanna take you where the vines grow up in the trees  
We can roll up our jeans and figure this out(Pre-Chorus)

Oh oh oh,

Bring your bare feet

Oh oh oh,

Come with me

(Chorus)

Down by the river, we're testing the water

Tryin to cool off but it's just getting hotter

Let's take a little, gon get on a limb

Close our eyes and jump in

If we're gonna fall, let's cannonball

Make a few waves and swim out a little bit

Farther in the hover

And you and me baby testing the water(Verse)

The stars are hanging low enough

For us to touch and show enough

We're gonna get closer tonight

We done feeling what we're feeling when I said what we're meaning

No more beating round the bushes, alright? Alright

(Pre-Chorus)

Oh oh oh,

Are you ready?

Oh oh oh,

Come with me(Chorus)

Down by the river, we're testing the water

Tryin to cool off but it's just getting hotter

Let's take a little, gon get on a limb

Close our eyes and jump in

If we're gonna fall, let's cannonball

Make a few waves and swim out a little bit

Farther in the hover

And you and me baby testing the water(Bridge)

Down by the river, we're testing the water

Tryin to cool off but it's just getting hotter(Chorus)

Down by the river, we're testing the water

Tryin to cool off but it's just getting hotter

Let's take a little, gon get on a limb

Close our eyes and jump in

If we're gonna fall, let's cannonball  
Make a few waves and swim out a little bit  
Farther in the hover  
And you and me baby testing the water Just testing the water
