(Intro)

Welcome into ecstasy baby
Oh yes, I got to know, can I
Splash, splash, splash
Baby I wanna jump and dive and splash in your love, yes
Can I splash in your love baby? I used to be afraid of water 'till I got a lifejacket
Now I always seem to find myself
Laughing and splashing, oh yeah
There's no waters that fall quite like yours
How I love to swim your sticky shores
Can I splash? Can I take a dip, can I take a dip
Inside your love, I just wanna swim, baby let me swim
Let me come, I just wanna splash in your lake of love
Can I take a dip, can I take a dip
Inside your love, I just wanna swim, baby let me swim
Let me come, I just wanna splash in your lake of love
Can I splash?
As I used to play across you chocolate beaches
I would always vision your love canal
Dreaming I could reach it, oh yeah yeah
And as I wade in your waters of passionate cream
I realized, it's not a dream
I can finally splash, I don't have ask, no Can I take a dip, can I take a dip
Inside your love, I just wanna swim, baby let me swim
Let me come, I just wanna splash in your lake of love
Can I take a dip, can I take a dip
Inside your love, I just wanna swim, baby let me swim
Let me come, I just wanna splash in your lake of love Ooh, let me dive inside your love
Can I splash inside just once
Let me go I'll make you come
