

Love U Crazy

En Vogue

It's just like this
I knew it from the first time I kissed your lips
I can't resist the passion was so strong
As I looked into your eyes, I became a little weak and I was mesmerized
I lost all track of time Must be somethin' to it
I don't want to lose it
I don't want to lose it
Must be somethin' to it
Love u crazy. (I'm crazy)(Crazy)
I got crazy love for you
I adore you, always watchin' you, losin' sleep over you
Yes I truly do, love u crazy! (I'm crazy)(Crazy)
I got crazy love for you
It must be fate
I never would've met you if I wasn't late
Oh, my mistake for hitting your new car
Somethin 'bout you took me in, somethin 'bout that dark brown skin
Somethin 'bout that sexy smile, somethin 'bout you drove me wild
And now I'm crazy, they're gonna put me away Must be somethin' to it
I don't want to lose it
I don't want to lose it
Must be somethin' to it
Love u crazy. (I'm crazy)(Crazy)
I got crazy love for you
I adore you, always watchin' you, losin' sleep over you
Yes I truly do, love u crazy! (I'm crazy)(Crazy)
I got crazy love for you
As I can't believe this world without the sun
I can't believe my heart without your love
Those who don't understand, I haven't had anyone to win my heart
Like you've done to me this far So what part of the game is this, I'm s'posed to be real smooth
Instead I'm stumblin' over words and s***, You got me nervous
Shakin', makin' my hands sweaty
Nobody's ever had this effect on sweet Sparzetti
I find myself doin' things I'd never do
Lately I've been b****in' on my friends and dissin other men for you
All I think about is you and I don't like you one bit, (what?)
Somehow you crashed into my life and now I'm crazy love sick Must be somethin' to it
I don't want to lose it
I don't want to lose it
Must be somethin' to it
Love u crazy. (I'm crazy)(Crazy)

I got crazy love for you
I adore you, always watchin' you, losin' sleep over you
Yes I truly do, love u crazy! (I'm crazy)(Crazy)
I got crazy love for you I'm in love with you
And my love is true
No one else will do
I got crazy love for you
I'm in love with you
And my love is true
No one else will do
I got crazy love for you So in love with so in love with so in love with you
And you know it and you know it and you know it's true
