

Varsity Sweater

Weston

There goes that girl
In the varsity sweater (That girl)
In her boyfriends sweater (That girl)
In the varsity sweater has a crush on me
Shes always making eyes at me
and passing notes in history
Try to find out if there's any chance
Of her and me and sweet romance
But all the school
Thinks I'm a fool
to mess around with the football captains girl
That girls got a crush on me
That girls got a crush on me
That girls got a crush on me
There goes that girl
In the varsity sweater (That girl)
In her boyfriends sweater (That girl)
In the varsity sweater has a crush on me
She waits for me at every class
Flirts with me each time we pass
Let me know that shes for me
And I'm in love with her staring
But all the school
Thinks I'm a fool
to mess around with the football captains girl
That girls got a crush on me
That girls got a crush on me
That girls got a crush on me
There goes that girl
In the varsity sweater (That girl)
In her boyfriends sweater (That girl)
In the varsity sweater has a crush on me
