

Too Famous to Get Fully Dressed

Butch Walker

that was a helluva party last night
i cant believe i helped you break up a fight
trust fund kids should stay away from clubs
i remember my first beer tooi coulda used a little more to do
the conversations got snorted
and i cant find my shoes
so lets go to the coffee shop dressed as we are
and make the people think (its what we do) or (that its true)all day, we sing la la la
all night we go la la la
all morning we just yawn a lot
yeah it makes ya look better
when you look like u got nothin better to do
oh god your hair is a fucking mess
so hurry put on a ski cap, and maybe a vest
just try kinda hard to make
it not look like ya tried at all
(I'll got back can u get that ohh)i know a place with a line outside
where we can maybe get a table sitting side by side
and we can listen to the conversations
like flies on the wallall day, we sing la la la
all night we go la la la
all morning we just yawn a lot
yeah it makes ya look better
when you look like u got nothin better to do
do do do do do do
all day, we sing la la la
all night we go la la la
all morning we just yawn a lot
yeah it makes ya look better
when you look like u got nothin no more to sayla la la
all night we go la la la
all morning we just yawn a lot
yeah it makes ya look better
when you look like u got nothin better to do
