## The Ghost That's Haunting You

## **Trivium**

Ghosts surrounding me, they're taking shape Awake and see them standing thereWhat the hell (what the hell you supposed to do) Are you supposed to do (when the whole world is after you) When your world (what the hell you supposed to do) Is coming after you (when the whole world is after you)What have I done, what have I become Standing six feet deep, am I the only oneSave, save yourself It's killing me to have to say You know this is the only way Save, save yourself There's nothing left to say or do You know I'll be the ghost that's haunting you Apparition, read me my last rights Carry me into the grave QuaintWhat the hell (what the hell you supposed to do) Are you supposed to do (when the whole world is after you) When your world (what the hell you supposed to do) Is coming after you (when the whole world is after you)What have I done, what have I become Standing six feet deep, am I the only oneSave, save yourself It's killing me to have to say You know this is the only way Save, save yourself There's nothing left to say or do You know I'll be the ghost that's haunting you(the ghost that's haunting you) Save, save yourself It's killing me to have to say You know this is the only way Save, save yourself There's nothing left to say or do You know I'll be the ghost that's haunting you Song Discussions is protected by U.S. Patent 9401941. Other patents pending.
