

Be Mine

Grits

Hey baby hey baby hey baby
Slow down hold up
I want you to be, want you to be mine
Hey baby hey baby hey baby
Slow down hold up
I want you to be, want you to be mine
Hey baby hey baby hey baby
We can up
We can up
We can get married
This is my gift to you
My love is true
We can get married
Hey baby hey baby hey baby
Slow down hold up
I want you to be, want you to be mine
Hey baby hey baby hey baby
Slow down hold up
I want you to be, want you to be mine
Hey baby hey baby hey baby
We can up
We can up
We can get married
This is my gift to you
My love is true
We can get married

Who'd have thought my babe was on an island of her own
Had me smiling on the phone same page different time zones
God's a real character painting caricatures of Christ
And His love for the church enduring the pain cuz it hurts
When i saw you i went bezerk insane goin looney and cartooney
So sue me you was a vision of beauty truly
Thinking of all the charm to inflect upon my behalf
Forgive me don't mean to stare but your hair is down to your calf
Tell me about yourself your culture is Polynesian
I love when the breeds be mixin our blueprint is in Ephesians
Instantaneously cultures collided decided we'd ride it
Spent time in prayer separately so we wouldn't have to hide it
Fictitious image brought to life reflection of love
Carefully inspected with gloves so fragile my darling was
And i ain't need miss Cleo to re-assure me that i got her
Scored big like the opening week of Harry Potter
Slow down hold up

I want you to be, want you to be mine
Hey baby hey baby hey baby
Slow down hold up

I want you to be, want you to be mine
Hey baby hey baby hey baby

We can up

We can up

We can get married

This is my gift to you

My love is true

We can get married In the beginning i hesitated debated within my soul

Wrestling with my feelings of knowing if you was sent

Enduring the distance alone being content

Longing your presence believing that we was meant

Submitted my intent i was truly convinced

You're the women in my life i couldn't breathe without

And the one I really wouldn't be complete without

And i wrote this so you wouldn't have any doubt

Or misunderstanding of what my love is really about

Cause from here on out baby its all about us

And from here on out i wanna build on trust

Cause the union we got ain't no comparing any other

I'm askin you to be more than a baby's mother

My help mate soul tie my right hand

Beginning and end and better half of life

To be my lady my lover my best friend and wife hey Slow down hold up

I want you to be, want you to be mine

Hey baby hey baby hey baby

Slow down hold up

I want you to be, want you to be mine

We can up

We can up

We can get married
