Get the fuck out my face, fuck nigga where the hell
You was at when a nigga had nothing!
I'm talking when a nigga he was hustling (I was hustling!)
I'm talking about the pork 'n beans and weenies
I was eating every night before the grubbing
I'm talking bout a little money I was getting
Before 18 way before the clubbing!
Now I got my sack right, nigga, still in the trap house kitchen
Let some of money come up missing
Fuck around, slap the shit out of all these niggas!
Trap house bunkin' got all these pistols
My nigga Thug wrist broke doing all that whipping
And I got a .44, I ain't gotta call no killer (Naw, nigga!)
More money, more problems, I can solve that issue (let go!)
If it's off my hip I'mma pull that motherfucker back just like a sling shot
And you ain't hold your homie down like you suppose to
Cause you ain't never even heard of a green dot
He ain't got all that shit he say
He ain't bout rappers trying to be this way
Please boy, I see folks trying to take pictures so I'm like
Hold up, wait, freeze boy! Paparazzi trying to take pictures
