don't even treat you right

So when you call on my name Ill be ready to ride, Ill be there for the rest of your life cuz I don't
wanna see you hurt inside, I don't wanna see you cry at night, all i wanna do is hold you tight
through the night and make it right.

I wanna put a smile on your face, anytime you need me just name the place, and ill be there in a
hurry so you dont gotta worry, I'm here for you, when you cry im holding you so wipe them
tears from them eyes I promise baby doll Im your angel in disguise I need you by my side to
hold me through the night and make it alright.

I need you to be there to wipe them tears from my eyes

I need around so you can hold it down if I break down.

I need be there to wipe them tears from my eyes.

Baby let me walk with you, take a little time and talk to you, I just wanna make you understand
you don't need that type of man cuz he cant love you like the way I can.

I promise little mami we can change those plans.

Cuz its never gonna work with you and him, I don't wanna see you hurt again, all I want to do
is be your friend, and love you girl until the end.

I wanna treat you like a queen I'm the king and anything you ask Ill give you everything and
you ain't gotta be scared, I'm always gonna be there, my love is true, you know it, boo.

When you cry I'm holding you, so wipe them tears from them eyes.

I promise baby doll I'm your angel in disguise.

I need by my side to hold me through the night and make it alright.

I need you to be there to wipe them tear from my eyes.

I need you around so you can hold it down if I break down.

I need you to be there to wipe them tears from my eyes.

No more tears, No more tears coming from my eyes ever since you came into my life.

No more tears after today because you walked my way.

After the rainy days is a brighter day I told you girl I could take the pain away so you don't
have to hurt never again will he treat you like dirt, i dont believe you girl he don't know what
you're worth.

He lost a good thing but I have found a good thing, when its said and done your going to be my
shining star so wipe them tears from your eyes I promise baby doll Im your angel by your side.

By my side when I cry.

I need you by my side to hold me through the nigh and make it alright.

I need you to be there to wipe them tears from my eyes.

I need you around so you hold it down if I break down.
I need you to be there to wipe them tears from my eyes.
From my eyes

No more pain
