The Fall of Troy

Slow down, this is slipping through my mind
This conversation has run out of time
Honey, I know you know what I mean
And that's the one thing that you soon will find
I know that you really wanna go
My mind is runnin' outta gas just relax and recap, and relapse
Tonight, my body's jumpin' and I
Go through the motions and I'm leaving on this journey
Maybe someday I'll come running home to you
I don't wanna see the day my words cannot make it safe
Her heart in my hands, it's too bad, no regrets
I don't wanna see the day, her tears are falling on my grave
This is my one chance to take back no regrets
Let's go, I just wanna let you know
This situation leaves me outta' breath
We'll drive till the love that's in your eyes Drops to the ground and unravels like a thread
I know that you really wanna go
I only think about her, must get to her, cannot lose her
You know that I will not let this die
Life support systems and my mind on
Rewind and rewind and rewind!
I don't wanna see the day my words cannot make it safe
Her heart in my hands, it's too bad, no regrets
I don't wanna see the day her tears are falling on my grave
This is my one chance to take back no regrets
I don't wanna see the day my words cannot make it safe
Her heart in my hands, it's too bad, no regrets
I don't wanna see the day her tears are falling on my grave
This is my one chance (my one chance, my one chance)
