

My God Is Real

Fred Hammond

Yeah... x3
Sometimes I'm loud.!
Yes I know it
Cause when I testify,
I'm always gonna give it my all.
Sometimes I'm chill, not at this moment
Because his love has taken over me,
Let me tell you what I'm smiling about
Because in my mind there is no doubt, no.
I want the whole world to know
So I tell it, I tell it, I tell it wherever I go!
My God is real Oh yes He's real
I won't miss out!
Because I know the deal
Take it from me, My God is real
Cause I can feel, you in my soul
You right bout now... I'm feelin' lil church! Because His spirit's all around me
And won't leave me alone
I may shout out LORD!... You are worthy Oh yeah! Cause my bones it's just like fire!!! Ohhhhh!
Let him in your life you'll see what I mean
All you have to do is only believe
He'll wash all your sins away and you can tell it Tell it tell the whole wide world
My God is real
oh yes he's a real
I won't miss out
because I know the deal
take it from me my God is real
because I can feel him in my soul
I can feel him feel him feel him yeah!!!
My God is real oh yes he's real
I won't miss out because I know the deal
take it from me
my God is real cause I can feel him in my soul there's nothing you can do
there ain't nothing you can tell me
I, I know that he's real
there ain't nothing you can sell me
come along with me
I'm sure that you would see me
that he's real down in my soul
you can't make me doubt him
I know too much about him
he's so real to me he's not a fantasy

say so, say so
he's real down in my soul
so real help me, help me say
You can't make me doubt him
I know too much about him
he's so real to me he's not a fantasy
if you know him say so, if you know him say so he's so real down in my soul
now everybody say Oh yeah oh yeah Jesus is real to me
Jesus is real to me oh yeah oh yeah
he's real down in my soul I can feel him in my soul oh yeah oh yeah Jesus is real to me Jesus is
oh yeah oh yeah he's real down in my soul he's real he is
