

# Blackout (Tek-One Remix)

## Breathe Carolina

Cut up and I can't feel my hands  
No need to chase  
Can you relate? Can you keep up the pace like you're dyin' for this? And when you say "I'm not  
okay"  
I left my phone in the cab  
Now you can't get me I'm only gettin' started  
I won't blackout  
This time I've got nothing to waste  
Let's go a little harder (harder)  
I'm on fire  
I won't blackout  
I'm on my way  
I'm only gettin' started  
And I can't see your face  
Cigarette the wrong way  
Inhale to the top of my lungs  
I'll be dyin' for this And when you say "I'm not okay"  
I left my phone in the cab  
Now you can't get me I'm only gettin' started  
I won't blackout  
This time I've got nothing to waste  
Let's go a little harder (harder)  
I'm on fire  
I won't blackout  
I'm on my way  
I'm only gettin' started This won't stop till I say so  
Goin' and goin' and goin' and goin' and go  
I'm only gettin' started  
I won't black out  
This time I've got nothing to waste  
Let's go a little harder (harder)  
I'm on fire  
I won't blackout  
I'm on my way  
I'm only gettin' started This won't stop till I say so  
Goin' and goin' and goin' and goin' and go  
I'm only gettin' started This won't stop till I say so  
Goin' and goin' and goin' and goin' and go I'm only gettin' started
