

# We Both Know (feat. Gavin DeGraw)

Colbie Caillat

They all say it  
All the ones that made it  
Once you find the one you claim it  
But you're gonna have to fight  
When I think back  
Things that threw us off track  
We handled like a heart attack  
Cause we didn't see the light  
Oooooooooo, and now  
We both, know our  
Own limitations, that's why we're strong  
Now that we spend some time apart  
We're leading each other, out of the dark  
Cause we both know  
From this moment  
Forget what we were scared of  
Say we're never giving up  
You say you'll always  
Try to be my  
Helpin hand  
Try to be the one who understands  
If you don't go as you planned  
We're still worth it all  
Oooooooooo, yea now...  
We both, know our  
Own limitations, that's why we're strong  
Now that we spend some time apart  
We're leading each other, out of the dark  
Cause we both know  
What we're scared of (What we're scared of)  
What dreams are made of (What dreams are made of)  
They can take us further than what anybody can see and  
We both, know our  
Own limitations, that's why we're strong  
Now that we spend some time apart  
We're leading each other, out of the dark  
We both, know our  
Own limitations, that's why we're strong  
Now that we spend some time apart  
We're leading each other, out of the dark  
Cause we both know  
We both know.
