

# I Won't Let You Walk Away (feat. Madison Beer)

Mako

I know I won't stop if you give me the keys  
'Cause I can drive it like a criminal  
I won't watch if you want me to leave  
'Cause I keep lookin' back for a miracle.  
I'm just a lighter without a spark,  
Take a bullet right straight through the heart,  
Oh, I've made my mistakes,  
But I won't let you walk away!  
Please don't tell me you're gone 'cause  
Please don't give it too long 'cause  
Please don't tell me you're gone 'cause  
Please, 'cause I won't let you walk away.  
I got my windows down, getting lost in the breeze  
And I feel like I'm causing a fairytale  
I can't stop wanting you next to me  
'Cause I keep holding up for a miracle.  
I'm just a lighter without a spark,  
Take a bullet right straight through the heart,  
Oh, I've made my mistakes,  
But I won't let you walk away!  
I won't let you walk away!  
I won't let you walk away  
I won't let you walk away  
I won't let you walk away!
