

# Get It On the Low

## Hoodie Allen

Nobody compares, when I think about the world  
And I think about the girls in it  
Nobody is you, you make a whole room stop  
They stare the minute you walk in it  
You don't gotta leave  
Cause I see someone right here that can treat you right  
And that someone is me, so baby just let your phone ring  
We can do our own thing  
I know, I know, I know, you're not afraid  
You said, you said, you said, it's just a game  
Baby, baby, baby it's time for a change, yeah  
I know you wanna  
Get it on the low Don't be afraid, I'll never let him know  
I can give it to you like you never had before  
I don't mean to offend you, but this is something special  
Can't keep it confidential anymore  
I just need to tell somebody  
Tell me if you got somebody else  
Look at what you've done  
One minute we're having fun  
Next minute, it's like you've gone chasing  
After someone new, and how we got so far  
Cause everything that I've done is for you  
Baby is it me?  
I'm always forced to be  
With the type of people that your mama suggested  
I cannot compete, it's starting to feel like a marathon  
Nobody has ever won  
I know, I know, I know, you're not afraid  
You said, you said, you said, you kept saying my name  
Baby, baby, baby, it's time for a change!  
I know you wanna  
Get it on the low Don't be afraid, I'll never let him know  
I can give it to you like you never had before  
I don't mean to offend you, but this is something special  
Can't keep it confidential anymore  
I just need to tell somebody  
Tell me if you got somebody else  
Taking her to school on some math shit  
I can be the one in your classes  
You can be on top, you - you can be on top  
You can - you can be on top like a fraction

If you mad now that's subtraction  
Tell them not to call it a fax man  
Used to be the outcast, now I'll lead out the class  
Like I'm sorry Ms. Jackson, oh  
I'm for real, that's just me on acid  
Give me one day, then I promise I'll smash it  
Robbing you rappers, I'm leaving them batshit crazy  
Looking at her ass like "baby damn!" that's an appropriate caption  
Friends get me out, cause her ass a distraction man  
And now everybody in there stopping like a traffic jam  
I know you wanna  
Get it on the low Don't be afraid, I'll never let him know  
I can give it to you like you never had before  
I don't mean to offend you, but this is something special  
Can't keep it confidential anymore  
I just need to tell somebody  
Tell me if you got somebody else
