

Positivity

Ashley Tisdale

Won't you show me some, baby
I gotta get some, baby
Won't you show me some, baby
Show me some positivity Mmmmm
Show me some positivity
Ooooh oh oh yeah From where I stand I see
A world of possibilities
So don't be goin' negative on me
Ooh baby, yeah
Love is hard but that's alright
Give it time, it's worth the ride
You know
It's all in the way you are
You're lookin' at me
I'm lookin' at you
What more do you want
Show me some positivity
It's all that I got
It's leading me on
Can't leave it alone
Show me some positivity
You're making it harder than it has to be
So won't you please show me
Some positivity
Some positivity Won't you show me some, baby
I gotta get some
Wish I could get into your mind
So I can see if I'm inside
'Cause I know you're right here in mine
Ooh baby, oh oh, oh oh
The glass is half-full, not empty
Why do you think you won't get none
You know (you know)
It's all in the way you are You're lookin' at me
I'm lookin' at you
What more do you want
Show me some positivity
It's all that I got
It's leading me on
Can't leave it alone
Show me some positivity
You're making it harder than it has to be

So won't you please show me
Some positivity
Some positivity Don't bring me down wit'cha baby, no
I'm on a high up here
And I don't wanna let go
So I'm gonna tell you one more time Won't you give me some, baby
I got me goin' crazy
Oh baby, give it to me
Give it to me baby now You're lookin' at me
I'm lookin' at you
What more do you want
Show me some positivity (alright)
It's all that I got
It's leading me on
Can't leave it alone
Show me some positivity (positivity)
You're making it harder than it has to be (oh oh)
So won't you please show me (won't you, give me, baby...)
Some positivity You're lookin' at me (...positivity)
I'm lookin' at you
What more do you want (...baby)
Show me some positivity
It's all that I got (why don't you show me)
It's leading me on
Can't leave it alone
Show me some positivity
You're making it harder than it has to be
So won't you please show me (yeah)
Some positivity
Some positivity I gotta get some, baby
Won't you show me some, baby
I'm not a?, baby
Oh baby, give it to me
You got me goin' crazy
Crazy, crazy
Oh baby, give it to me
Won't you show me some, baby
I gotta get some, baby
You got me goin' crazy
Crazy
