You're a Strange Animal

Gowan

Well they say I should approach you With caution But not to let you be aware of my fear Never know what you'll find Don't understand your kind 'round here Watching your moves They look so radical Hearing your words They sound fanatical Something inside reveals you're magical How can I get enough (chorus) You're a strange animal That's what I know But you're a strange animal I've got to follow They've been trying to stick a line In your system Analysing the defenses you hold Trying to open wide Hoping to step inside your soul But everything here is unfamiliar Nothing they've seen remotely similar How can it be you're so peculiar How can I get enough(chorus)O Ominous Spiritus
