

Dollar

Scarface

Dollar...

Dollar...[Scarface - Verse One]

I'm bout my game

Can't take shit light

Rich today

Be broke tonight

I duck the pin

Cuz I seek the light

On my grind

My grind's my life

My life's my hood

My home is slums

My boys is deep

Hoes is young

Funk is here

I'm out the way

I stash the cash

For that rainy day

Those days to come

My storm awaits

I save for now

For babenapes

For cars and wheels

For grills and chains

For cows and bulls

For screens and bang

For candy paint

My life done changed

My kids is grown

I needs the bank

My bank foreal

I leaves behind

A name that lives

For years uhuh

[Chorus]

Big weed and drink

Rims and candypaint

Fresh shoes and clothes

Keep several hoes

Y'all idolize

Me, I do it for the dollar

Girls slide down the pole

Niggas trick for hoes
We sell tons of dope
I ain't never broke
Ain't my fault that the world revovles the dollar

[Scarface - Verse Two]

I dips to clubs
Gets major play
From major hoes
In a major way
Short skirts and boots
Thick ass with thighs
She said it's yours
Come fuck me eyes
Got hoes with jobs
Got hoes with games
Got freaky hoes
That dance with hey
They likes my style
And I like they ways
She wants what's mine
And I want what pays
I love these hoes
Without my heart
I fucks they mind
Not private parts
They falls in lust
Dick game in truth
She leaves her man
Cuz I keeps her loose
She dreams of me
Just met the chick
She mean to you
Cuz you stressed the bitch
I takes her home
You sweat the shit
She rolls her eyes
Like the exorcist[Chorus]It's in my blood
Been real for deep
Ain't changed a bit
I claim the streets
I've left the hood
But made it back
Sold cocaine
Smoked and i jacked
Prophets from crack, bought cockpits and gats
Bulldogs and hogs
My life I rap
Put down in words
Dope fiends in packs

My block I love
And they love me back
Homeboys is feudin'
Got hate for none
I rise foreal
I stay with guns
I sleep alone
Cuz I trust myself
Respect for all
But I deals in death
That's real in depth
Can't bite my tongue
I speaks my mind
That's where I'm from
That's how I'm raised
I'm cut from that
That's how I'm made
Can't fuck with that[Chorus 2x]
