## The Shadow of Your Smile (feat. Paul Jackson Jr)

## **Jeffrey Osborne**

One day we walked, along the sand One day in early spring, You held the piper in your hand To mend its broken wind Now I remember many of days And many a lonely mile The echo of a piper song She shadow of her smile The shadow of your smile When you are gone Will color all my dreams Enlight the dawn Look into my eyes, my love and see All the love and things, you're all to me Our wishful little star Was far too high A teardrop kiss your lips, Now when I remember spring All the joy, that love can bring I will be remembering The shadow of your smile Our wishful little star Was far too high A teardrop kiss your lips, Now when I remember spring All the joy, that love can bring I will be remembering The shadow of your smile.
