

# Which Way to America

## Living Colour

(V. Reid) I look at the T.V.  
Your America's doing well  
I look out the window  
My America's catching hell I just want to know which way do I go to get to your America?  
I just want to know which way do I go to get to your America? I change the channel  
Your America's doing fine  
I read the headlines  
My America's doing time  
I just want to know which way do I go to get to your America?  
I just want to know which way do I go to get to your America? Go west young, go west young  
man Don't want to crossover  
But how do I keep from going under? Where is my picket fence?  
My long, tall glass of lemonade?  
Where is my VCR, my stereo, my T.V. show?  
I look at the T.V.  
I don't see your America  
I look out the window  
I don't see your America I want to know how to get to your America  
I want to know how to get to your America  
America
