Terminal

[Static-X](#)

Spinning and whirling
Descending, unending
Light the halo
Watch the day glowSpiral is viral
I'm seeing believing
Dig the feedback
Take another crack at itHarder and harder
The hollow deceiver
Hit the noise box
Smash the ice boxLouder and louder
Forgetting the setting
Kill the digital
Beat the terminal
Go, take it slow
Let it go
Get down hard
Down, it's terminalSensing, commencing
The final dismantle
Your confusion
My illusionTerminal heading
Advance to the hideout
Put the light out
Throw me down, throw me downHarder and harder
The hollow deceiver
Hit the noise box
Smash the ice box
Louder and louder
Forgetting the setting
Kill the digital
Beat the terminalGo, take it slow
Let it go
Get down hard
Down, it's terminalGo, take it slow
Get down hard
It's terminalGo, take it slow
Let it go
Get down hard
Down, it's terminalSlow, go take it
Slow, go take it
Slow, go take it slow
