

Long Hair Don't Care

The Cadillac Three

You don't like my style or the shoes on my feet
You're laughing at the clothes that I wear
I'm singing my songs man I'm just being me
I said, Long Hair Don't Care
I said, Long Hair Don't Care
I said, Long Hair Don't Care
Authorities tryin to start a war with me
You're boring me nah nah get away get away
Go do your job
I'm have fun living life in a much much better way
Yo yo where do I begin
People looking at me from the outside in
I'm do my thing much bigger than some bowl rings
Thinking back when they told me
Like don't do this and definitely don't do that
Sitting on the pavement cold and black
Think about the words that I'm holding back
I don't wanna be a star
I wanna be a supernova
Nice to know ya I'm not below ya
Said I'm not below ya
You don't like my style or the shoes on my feet
You're laughing at the clothes that I wear
I'm singing my songs man I'm just being me
I said, Long Hair Don't Care
I said, Long Hair Don't Care
I said, Long Hair Don't Care
I said, Long Hair Don't Care
I said, Long Hair Don't Care
Look at you your so grown up
Cut your hair, shaved that scruff
Got your tie on tight man loosen up
Your ties too tight man loosen up
They said hey red lose those dreads
We want you looking like this instead
And you stare at the sleeves of my DJ
Relax and listen to what we say
I don't wanna be a star
I wanna be a supernova
Nice to know ya I'm not below ya
Said I'm not below ya
I don't wanna be a star

I wanna be a supernova
Nice to know ya I'm not below ya
You don't like my style or the shoes on my feet
You're laughing at the clothes that I wear
I'm singing my songs man I'm just being me
