

# Prelude (Lapalux's Finger On the Tape Remix)

## Bonobo

Hands up  
I got my eyes facing down  
I'll show you where my tears come down  
Slowly down  
Hands up  
I got my eyes facing down  
I shudder when my tears come down  
So slow down  
So slow down  
Suddenly my tears come down  
Slowly down  
Slowly down  
So slowly down  
Hands up I got my eyes facing down  
I'll show you where my tears come down  
Slowly down  
Hands up I got my eyes facing down  
I shudder when my tears come down  
So slowly down  
So slow down
