Funeral Fog (0: 00)

Freezing Moon (5: 44)

Cursed In Eternity (12: 09)

Pagan Fears (17: 20)

Life Eternal (23: 40)

From the Dark Past (30: 38)

Buried By Time and Dust (36: 05)

De Mysteriis Dom Sathanas (39: 39) Every time this year

This dark fog will appear

Up from the tombs it comes

To take one more life that can be near

In the middle of Transylvania

All natural life has for a long time ago gone

It's thin and so beautiful

But also so dark and mysterious

Once again the priest is messing

May the god bless us all

The fog is here again

That will complete this funeral

From a place empty of life

Only dead trees are growing here

As it comes from afar

Only dead trees are growing here...Funeral fog

...Funeral fog...Funeral fog

...Funeral fogEverything here is so cold

Everything here is so dark

I remember it as from a dream

In the corner of this time

Diabolic shapes float by

Out from the dark

I remember it was here I died

By following the freezing moonIt's night again

Night you beautiful

I please my hunger

On living humans

Night of hunger

Follow it's call

Follow the freezing moonDarkness is growing

The eternity opens

The cemetery lights up again

As in ancient times

Fallen souls die behind my steps

By following the freezing moonMy name was written with

Fire in the place you only can see

When your time has come

When you walk down in the

Land of shadows for eternityThe demon flies in the blackened

Starless skies and crawls in

The bottomless depths of Hell

The name which will be a

Thousand times cursed in eternityThe demon flies in the blackened

Starless skies and crawls in

The bottomless depths of Hell

Condemned to wander, until it comes

To the cruelest snake that crawlsThe bloody history from the past

Deceased humans now forgotten

An age of legends and fear

A time now so distantLess numbered as they were their lives

So primitive and pagan

Superstitions were a part of the life

So unprotected in the dark nightsPagan fears

The past is alive

The past is aliveWoeful people with pale faces

Staring obsessed at the moon

Some memories will never go away

And they will forever be hereA dream of another existance

You wish to die

A dream of another world

You pray for deathTo release the soul one must die

To find peace inside you must get eternalI am a mortal, but am I human?

How beautiful life is now when my time has come

A human destiny, but nothing human inside

What will be left of me when I'm dead?

There was nothing when I livedWhat you found was eternal death

No one will ever miss youA face in stone... decayed by age

A man who has returned to tell of his damnation

Fears so deep, the mouth open wide

The dream died away before dawn of this timeAncient times legends stories so dark

Blackened his sight

Now not even the memories are left

Back after such a long time

The stone is cold as death

But what formed its true fears

Only the wind is able to tellTell me - what did you see there

In the darkness - of the pastThe eyes - stares so empty

The mouth - screams so silentTell me - what did you see there

In the darkness - of the pastVisions of that no mornings

Light ever will come

I'm too old now

The dark is so near

Will I ever reach the land beyond

This is where we go when we have to dieI've been old since the birth of time

Time buried me in earth

Centuries ago I tasted blood

Buried by time and dust

Many years have passed since the funeral

Missing the blood of human throats

So many years, ages ago

I must await, feel my body's stenchWandering out of space

Wandering out of time

A world out of light, death at the end

Only silence can be heard

Silence of peoples fears

No one knows my grave

Buried by time and dustWelcome!To the elder ruins again

The wind whispers beside the deep forest

Darkness will show us the wayThe sky has darkened thirteen as

We are collected woeful around a book

Made of human flesh

Heic Noenum Pax

Here is no peace

De Grandae Vus Antiquus Mulum Tristis

Arcanas Mysteria ScriptumThe books blood written pages open

Invoco Crentus Domini De Daemonium

We follow with our white eyes

The ceremonial proceedingRex Sacriticulus Mortifer

In the circle of stone coffins

We are standing with our black robes on

Holding the bowl with unholy waterHeic Noenum Pax

Bring us the goat
