

# Thinking of You (feat. AJ Tracey)

## Mabel

I'm thinking of you  
I'm thinking of you  
Thinking of you What can I tell if you're into me?  
I'm a nine, you're five  
Been away for a couple of weeks  
Could be more 'cause I lost track of time  
Driving on the wrong side thinking of you  
On the tenth floor, thinking of you  
And it isn't like me to be insecure  
Oh, what have you done to my mind?  
Oh, oh, wanna be with you, wanna be with you  
Oh, my God, I'm a mess  
Boy, you got to me, got to me  
You know you got to me  
Try to forget about you, with no chance  
I wasn't looking for romance  
Blue skies but I'm in the dark  
Waiting for someone to come pick me up  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of you  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of you  
I'm thinking of you  
I'm thinking of you In the hills with the windows down,  
Telling me he wants to show me around  
He knows somebody with the fancy house  
On the playlist, seems to be famous  
Heating me to the beach, yeah I was thinking of you  
Standing in his room, but I was thinking of you  
And I don't want you to be insecure  
Don't wanna play with your mind,  
Oh, oh, wanna be with you, wanna be with you  
Oh, my God, I'm a mess  
Boy, you got to me, got to me  
You know you got to me  
Try to forget about you, with no chance  
I wasn't looking for romance  
Blue skies but I'm in the dark  
Waiting for someone to come pick me up  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of you  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of you Uh, I'm coming right back  
Tell all your friends that I'm coming right back  
Uh, I'm coming right back  
You're enough to make me wanna back track Try to forget about you, with no chance

I wasn't looking for romance  
Blue skies but I'm in the dark  
Waiting for someone to come pick me up  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of you  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of youUuh uuh, oh, oh, I'm thinking of you,  
I'm thinking of you  
Uuh uuh, oh, oh, I'm thinking of you, I'm thinking of you
