

I Don't Need Anything But You (2014 Film Version)

Jamie Foxx, Quvenzhané Wallis & Rose Byrne

Together at last
Together forever
We're tying a knot
They never can sever
I don't need sunshine now to turn my skies to blue
I don't need anything but you...
You've wrapped me around
That cute little finger
You've made life a song
You've made me a singer, oh
You're not warm and fuzzy
And ain't the most shyest girl
But nothing on earth could ever divide us...
Today was terrible
Today was a straight-up nightmare
But that was then
Cause I was looking for something
Looking for my loose end
No, I don't need anything but you
But that was then
Cause I was looking for something
Looking for my loose end
No, I don't need anything but you
But nothing on earth could ever divide us
But nothing on earth could ever divide us
But nothing on earth could ever divide us
But nothing on earth could ever divide us
Together at last
Together forever
We're tying a knot
They never can sever
You're two of a kind The happiest pair now
Like bright shooting stars
You're floating on air now
And what's the title of the dream that just came true
I don't need anything
Anything
Anything
I don't need anything but you!
