

Don't Go

Kevin Ross

Ohh

Now why you gotta go and come climb on top of me babe
We goin' to mess around and won't find anytime to sleep babe

Can't refuse it

How you do it girl

Oh no

Ohh

Girl you got me stronger and I'm feeling like a user

And I can't put you down

You're my past my now my future You want exception to the rule

To everything I thought I knew

No one else will ever do

Cause I

Swear you're a one of a kind

I know you can't stay too long but

Baby don't go

Baby don't go

B-baby don't go

Baby don't go

Baby don't go

B-baby don't go Ohh

You're my mona lisa with a smile that guys would kill for

You're my hot prize sign and I ain't afraid to spend more

I can't help it

That I'm selfish girl

Ohh

Ohh

You're the rock of my roll you're my blues my self collection

Put the record on hold

Damn your perfection

You want exception to the rule

To everything I thought I knew

No one else will ever do Cause I

Swear you're a one of a kind

I know you can't stay too long but

Baby don't go

Baby don't go

B-baby don't go

Baby don't go

Baby don't go

B-baby don't go Cause I

Swear you're a one of a kind

I know you can't stay too long but
Baby don't go
Baby don't go
B-baby don't go
Baby don't go
Baby don't go
B-baby don't go
